40TH BIRTHDAY!

2024, EPTA Switzerland celebrates its 40th birthday! We are delighted to be holding the *46th International EPTA Conference* in Switzerland to mark this occasion. The conference will take place in Lucerne, in the heart of Switzerland, in the newly built, architecturally fascinating premises of the Lucerne School of Music.

With the theme *CHANGES – Visions and Evolutions in Piano Music*, we focus on unceasing developments and innovations in the history – and the present! – of piano music and pedagogy. Where do revolutions and historical changes occur, which developments and evolutions proceed slowly and silently, what is about to change in the coming years? How do composers, performers and pedagogues respond to a constantly changing world?

We look forward to welcoming you in Lucerne!

Tomas Dratva
President EPTA Switzerland
